

**MODEL: RPER-9G-1000**

3503C5 90CM

| N0.  | ATLAN CODE  | ITEM                         | REMARK                                                            | QTY PER HOOD |
|------|-------------|------------------------------|-------------------------------------------------------------------|--------------|
| 1    | ATAL15001   | extension pipe               | Al. foil pipe,length:2M                                           | 1            |
| 2    | ATIC53C501  | Inner chimney                | 500mm, 430#SS                                                     | 1            |
| 3    | ATOC53C501  | Outer chimney                | 500mm, 430#SS                                                     | 1            |
| 4    | ATICB53C5   | upper chimney bracket        |                                                                   | 1            |
| 5    | ATOCB53C5   | lower chimney bracket        |                                                                   | 1            |
| 6    | ATMB02      | mounting bracket             |                                                                   | 1            |
| 7&10 | ATPCBB01    | PCB BOX                      | included the cover and bottom parts                               | 1            |
| 8    | ATCP04      | Capacitor                    | 220-240V/50Hz,1*7W LED strip, 1000m3/h motor, slide touch control | 1            |
| 9    | ATPCB53C501 | PCB                          |                                                                   | 1            |
| 11   | ATWP3B01    | wire& plug                   | AU plug, black                                                    | 1            |
| 12   | ATBOC701    | blades of outlet             |                                                                   | 2            |
| 13   | ATAO150     | 150MM out-let                |                                                                   | 1            |
| 14   | ATCA53C501  | casing assembly              |                                                                   | 1            |
| 15   | ATHSC501    | switch panel assembly        |                                                                   | 1            |
| 16   | ATBOSC501   | box of slide touch control   |                                                                   | 1            |
| 17   | ATSTA301    | slide touch control assembly | AYD-033, three speed                                              | 1            |
| 18   | ATSBP01     | strengthen bar of panel      |                                                                   | 2            |
| 19   | ATIBP53C501 | Inner bottom panel           |                                                                   | 1            |
| 20   | ATSF53C501  | Sealing frame                |                                                                   | 1            |
| 21   | ATC53C501   | Connection                   | left and right                                                    | 2            |
| 22   | ATM53C501   | magnet                       |                                                                   | 8            |
| 23   | ATAS53C501  | angle shelf                  | left and right                                                    | 2            |
| 24   | ATMTC3701   | motor assembly               | 220-240V/50Hz,1*7W LED strip,slide touch control                  | 1            |
| 25   | ATCF260     | carbon filter                |                                                                   | 1            |
| 26   | ATBL53C501  | bracket for light            |                                                                   | 2            |
| 27   | ATLS7W01    | LED strip                    | 1*7W                                                              | 1            |
| 28   | ATOG53C501  | outer glass                  | black glass                                                       | 1            |
| 29   | ATAF53C501  | Al. filter                   |                                                                   | 2            |
| 30   | ATHG53C501  | hinges                       | SS#430                                                            | 2            |
